Welcome Message

Dear Colleagues,

On Behalf of the PPCS Organizing Committee, I welcome all of you to this signature event of the 17th PPCS in Kaohsiung, Taiwan, on Oct 14-15, 2023. It has been 15 years since we got together in Kaohsiung at the 3rd PPCS in 2008 and celebrated the 70th birthday of Professor William Chet de Groat.

Building on the success of previous meetings, the theme for 2023 will be a breakthrough for LUT science, and I look forward to learning the latest results from top academic clinical doctors and researchers on these topics and everything else that is presented. We are indeed in a time of great innovation post COVID pandemic, so come and enjoy the meeting!

The backdrop of the beautiful and modern city of Kaohsiung will add to the pleasure of the meeting and provide lasting memories beyond the science.

We're looking forward to an excellent meeting with all of you and sharing new and exciting knowledge and friendship in Kaohsiung, Taiwan!
