# WELCOME MESSAGE

## Dear Colleagues and Friends,

As organizers of one of the largest international series of aesthetic and anti-aging medicine conferences, EuroMediCom is proud to host AMWC Asia in Taipei from 6-7-8 May 2022, in collaboration with the Taiwan Dermatological Association (TDA) and the Taiwan Society for Dermatological and Aesthetic Surgery (TSDAS).

Despite the pandemic last year, we held a hugely successful hybrid edition of AMWC Asia, welcoming delegates to our congress in Taipei and virtual delegates on our digital conferencing platform. At the event, delegates received updates on the latest innovations and cutting-edge techniques from a program delivered by some of Asia's leading experts, as well as from educators and KOLs across the globe.

In 2022, we look forward to hosting yet another fantastic event where attendees can continue to acquire new insights, learn from the best in the field and network to create lasting professional relationships. Even though the congress will take place solely in Taipei but a selection of sessions from AMWC Asia 2022 will be available on-demand after the event, on the AMS digital platform (for AMS Premium members only). We strongly believe in continued learning, wherever you may be.

We look forward to warmly welcoming you to beautiful Taipei.

# WHY TAIPEI?

Symbol of a free and vibrant democracy, Taipei is a fascinating metropolis with several million inhabitants that invites you into a world of amazing contrasts: a mix of the modern and traditional, with a generous dash of energy and friendly smiles. With a strong tendency to adopt the "LOHAS" (Lifestyle Of Health And Sustainability), Taipei is a wonderful city with more than 10,000 aesthetics practitioners, allying business opportunities and a highly-educated population (half of the population speaks English). Apart from advanced medical technology well-known around the world, the city of Taipei also includes a number of important associations and committees of medical aesthetics professionals working together.

Moreover, Taiwan has the 3<sup>rd</sup> largest number of hospitals in the top 200 list, with 14 Taiwanese hospitals appearing on the list. In this unique environment, the AWMC, a must-attend event, benefits from special expertise with a quality Asian approach.

Be one of the 2,500 expected attendees for this AMWC Asia edition, already known as THE event of the year and make your trip to Taipei a most memorable journey.
