### Editorial

Diabetic pregnant women and perinatal outcomes

*W.-L. Lee, W.-H. Chang and P.-H. Wang*

789

Integrating molecular pathology to endometrial cancer

*Y.-T. Li, C.-H. Liu and P.-H. Wang*

792

Good outcome of endometrial cancer patients coexisting with adenomyosis is a result of their associated favorable clinico-pathological parameters

*F.-W. Chou, N.-R. Lee and P.-H. Wang*

795

Ultrasonography for menopausal endometrium

*Y.-T. Li, S.-T. Yang and P.-H. Wang*

797

Endometrial thickness in tamoxifen-treated women

*Y.-T. Li, W.-H. Chang and P.-H. Wang*

799

### Review Article

Front-line chemo-immunotherapy for treating epithelial ovarian cancer: Part I CA125 and anti-CA125

*S.-T. Yang, W.-H. Chang, F.-W. Chou, H.-H. Liu, W.-L. Lee and P.-H. Wang*

802

### Original Article

Pregnancy outcomes following antenatal screening for intrahepatic cholestasis of pregnancy (ICP)

*C.N. Obiegbusi, X.J. Dong and S.C. Obiegbusi*

809

Association of serum progesterone levels on the transfer day with pregnancy outcomes in hormone replacement frozen-thawed cycles with oral hydrogesterone for strengthened luteal phase support

*H. Yin, H. Jiang, J. Zhu, C. Wang, Z. Cao, K. Luan and Y. Wu*

817

Setting up a specialized maternity unit in a tertiary hospital: An oasis for pregnant women with COVID-19 during the pandemic

*M.-T. Chuang, Y.-L. Liang, T.-S. Chen, H.-F. Tsai, P.-Y. Wu, P.-F. Chen, C.-H. Chang, L. Kang, M.-T. Su, Y.-t. Tien, K.-F. Hsu, W.-C. Ko, M.-R. Shen and P.-Y. Tsai*

823

A novel missense variant in *CDK5RAP2* associated with non-obstructive azoospermia

*M. Rahimian, M. Askari, N. Salehi, A. Riccio, M. Jaafarinia, N. Almadani and M. Totonchi*

830

The effect of various air pollution and participants' age on semen quality in southern Taiwan

*H.-T. Lien, N.-C. Tsai, Y.-J. Lin and K.-C. Lan*

838

Significantly shortened telomere length and altered androgen receptor level in cumulus cells from women with polycystic ovary syndrome

*T.-N. Yu, E.-H. Cheng, Y.-P. Lin, Y.-C. Chen, C.-C. Huang, T.-H. Lee and M.-S. Lee*

845

Risk factors of heavy uterine bleeding in patients with endometriosis and adenomyosis treated with dienogest

*H. Takagi, M. Takakura and T. Sasagawa*

852

Dinoprostone tablet versus continuous vaginal insert (Propess®) for elective induction in low-risk nulliparous women at term

*Y.-C. Nien, H.-F. Kung, M.-J. Chen and W.-C. Chen*

858

The correlation with abnormal fetal outcome and a high level of amniotic fluid alpha-fetoprotein in mid-trimester

*T.-J. Huang, C.-P. Chen, C.-J. Lin, F.-T. Wu, S.-W. Chen, S.-T. Lai and Z.-J. Chen*

863

Effect of extra-low dose levothyroxine supplementation on pregnancy outcomes in women with subclinical hypothyroidism undergoing in vitro fertilization and embryo transfer

*Y.-T. Chen, C.-H. Ho, M.-T. Chung, J.-Y. Wen, Y.-L. Lin, T.-W. Hsiao and Y.-C. Tsai*

869

The no-observed-adverse-effect level of phthalates promotes proliferation and cell cycle progression in normal human breast cells

*F.-P. Chen, M.-H. Chien and C.-H. Lee*

874

A practical method for prenatal diagnosis of anal atresia by second trimester ultrasound screening - A retrospective study

*H. Ko, Y.-C. Chou, K. Olisova and T.-Y. Chang*

884

### Case Report

Low-level mosaic trisomy 21 at amniocentesis in a pregnancy associated with cytogenetic discrepancy in various tissues, perinatal progressive decrease of the trisomy 21 cell line and a favorable fetal outcome

*C.-P. Chen, F.-T. Wu, Y.-T. Pan, P.-S. Wu, W.-L. Chen, C.-C. Lee and W. Wang*

891

High-level mosaic trisomy 21 at amniocentesis in a pregnancy associated with positive NIPT for trisomy 21, prenatal progressive decrease of the trisomy 21 cell line, acute fatty liver of pregnancy and intrauterine fetal death in late gestation

*C.-P. Chen, L.-K. Wang, F.-T. Wu, Y.-T. Pan, P.-S. Wu, W.-L. Chen, M.-S. Lee and W. Wang*

896

45,X/46,XX at the first amniocentesis, and 45,X/47,XXX/46,XX at the repeat amniocentesis and at birth in a pregnancy associated with a favorable fetal outcome, perinatal progressive decrease of the 45,X cell line and cytogenetic discrepancy between cultured amniocytes and uncultured amniocytes

C.-P. Chen, F.-T. Wu, Y.-T. Pan, P.-S. Wu, W.-L. Chen, M.-S. Lee and W. Wang

Perinatal detection of disomy X cell line by fluorescence *in situ* hybridization in a pregnancy with 45,X/47,XXX at amniocentesis, cytogenetic discrepancy in various tissues and a favorable outcome

C.-P. Chen, F.-T. Wu, Y.-T. Pan, P.-S. Wu, W.-L. Chen, M.-S. Lee and W. Wang

Low-level mosaic trisomy 21 at amniocentesis in a pregnancy associated with cytogenetic discrepancy between cultured amniocytes and uncultured amniocytes, perinatal progressive decrease of the aneuploid cell line and a favorable fetal outcome

C.-P. Chen, F.-T. Wu, Y.-T. Pan, P.-S. Wu, C.-W. Pan and W. Wang

Coincidental spontaneous perforation of the small intestine following operative hysteroscopy: A case report

I.-L. Hsu, P.-J. Chen, P.-H. Chiang, Y.-C. Hsu, C.-Y. Chai and E.-M. Tsai

Safe delivery planning of patients with moyamoya disease in pregnancy: Case series of a single center

J. Kang, C.-N. Lee, M.-W. Lin and S.-Y. Lin

Amniotic fluid embolism: A case report of good outcome with timely intensive multidisciplinary team involvement

C. Lim, C. Tsung-Che Hsieh, S.Y. Lai, Y.-T. Chu, M. Chen and H.-H. Wu

## Research Letter

Identification of a familial balanced chromosomal rearrangement in a couple presenting with recurrent pregnancy loss

C.-P. Chen

925

901 Low-level mosaic trisomy 6 at amniocentesis can be a culture artefact and associated with a favorable outcome and cytogenetic discrepancy between cultured amniocytes and uncultured amniocytes

C.-P. Chen

927

906 False positive non-invasive prenatal testing (NIPT) for trisomy 21 in vanishing twin syndrome pregnancy: A comparison of the NIPT results performed in different gestations

C.-P. Chen

929

Mosaic 46,XX,der(9)t(9;13)(p24;q12)/46,XX at amniocentesis can be a culture artefact and associated with a favorable fetal outcome

C.-P. Chen

931

910 Incidental detection of partial Xq deletion (Xq21→qter), or 46,X,del(X)(q21) in a 17-year-old girl with irregular menstrual cycle

C.-P. Chen

933

915 Retraction notice to “Maternal blood concentration of tadalafil in pregnancy: Comparison of pregnant and non-pregnant women” [Taiwan J Obstet Gynecol 61 (2022) 230–233]

N. Enomoto, H. Tanaka, S. Maki, S. Takakura, K. Tanaka, S. Katsuragi and T. Ikeda

935
